

Turn scattered AI use into safer, faster ways of working.

Hands-on corporate AI training built around the work your employees already do, from research and reporting to communication, analysis and automation.

FOUNDATION WORKSHOP

3 hours

including Q&A; and practice

Around 30

recommended for useful discussion

4 weeks

of follow-up support

What your team will learn

- Turn meeting notes into clear action items
- Research competitors and markets faster
- Analyse long documents and reports
- Create better presentations and proposals
- Draft and improve client communication
- Use AI with better privacy and review habits

Proof from VULKAN

TWO SESSIONS, JUNE AND JULY 2026

4.74 / 5

Session one overall rating
